

Wylie Gustafson concert to benefit Front Range CASA.

Come join us for a night of music featuring Wylie Gustafson on January 14, 2022, at 7 pm at the Orpheum Theater, Conrad Montana. There will also be an auction for a Samsung 65" TV that has been donated by 3 Rivers Telecommunications. Tickets will be sold at the door and are \$20.00.

We are so pleased to have Wylie Gustafson who is a native Montanan singer/songwriter with 22 albums and 3 decades of performing, writing, and recording under his belt performing a concert to benefit Front Range CASA. In 2020 Wylie was inducted into the *Montana Cowboy Hall of Fame*. He is one of the few **authentic** voices of the American West who steadfastly celebrates and sings about the active rural culture of America.

When asked to define his music, Wylie says, "We are a good-time cowboy band that *hates to be boring!* We also strike a note with the ranching and farming folks because their culture is what inspires a lot of our original music."

Wylie is also known for his yodeling talent. In addition to his musical talent Wylie is very involved in the community of Conrad and the surrounding area. He has volunteered to put on a concert on January 14, 2022, to benefit Front Range CASA because in his words "I'm a big supporter of CASA".

CASA stands for Court Appointed Special Advocate. Front Range CASA is a non-profit organization including 20 volunteers that serve the Montana Ninth Judicial District which includes Glacier, Pondera, Teton and Toole counties. At the present time volunteers advocate for 68 plus innocent children who are involved in the court system due to child abuse or neglect. The job of a volunteer is to make recommendations regarding the best interest of the child to the court. Volunteers see the children they represent twice a month and attend all court hearings. To become a volunteer, one must complete 30 hours of mandatory training which cover understanding families and children, communicating as a CASA, information gathering, legal terminology, courtroom procedure, and system protocol.

So save the date and plan to attend this concert. It promises to be a good time.
